Academic Calendar Overview

The academic year for ICT Class 6 runs from June to March. The teaching period (June to January) covers the complete syllabus across 6 chapters. Assessments are spread throughout the year: FA-1 in July, FA-2 in August, SA-1 (mid-year) in September, FA-3 in December, FA-4 in February, and SA-2 (annual) in March.

Teaching Period

6 chapters are taught from June to December, with January reserved for revision and exam preparation. Each month has approximately 12 periods.

Station Rotation model (25/25 lab + library): 1 lesson per week is a station lab (4 per month for 6 teaching months = 24 station slots, covering 12 lab activities × 2 cohorts). Lab-manual has 12 activities for 72 lessons; rotation covers all activities across cohorts with revision buffer in Dec-Jan.

Revision Period

January is dedicated to comprehensive revision. February and March focus on examination preparation with FA-4 in February and SA-2 in March.
